

COMPANY PROFILE

2025 Corporate

Exploring Opportunities. Creating Futures

Company Overview

Founded in 2003, Omni Trade Oil & Gas Services is a leading energy solutions provider in the Republic of Yemen.

The company officially represents a number of top-tier global exploration and production (E&P) companies, as well as international oilfield service providers specializing in seismic surveying, drilling, pipeline construction, and integrated logistical support.

Governmental & Institutional Relations

Support for E&P Companies

Yemen: A Promising Yet Untapped Opportunity

Limited Exploration

Less than 18% of Yemen's geographical area has been explored.

Onshore Reserves

Significant proven reserves of oil and gas in various onshore blocks.

Offshore Indications

Strong indications of offshore reserves in both the Red Sea and the Arabian Sea.

Vast Gas Reserves

Recent studies point to vast natural gas reserves, particularly in Red Sea blocks.

Core Services & Capabilities

1. Exploration & Production Support
2. Seismic Survey Services
3. Drilling & Well Services
4. Oilfield Infrastructure & Logistics
5. Manpower & Technical Support
6. Engineering, Procurement & Maintenance
7. Security & Field Operations

Why Omni Trade?

Experience

Over 22 years of experience in Yemen's oil & gas sector.

Representation

Official representation of global E&P and oilfield service companies.

Relationships

Strong institutional relationships with key regulatory bodies.

Understanding

In-depth understanding of Yemen's legal and operational environment.

Opportunities

Ability to unlock investment opportunities in unexplored areas.

Our Vision

Omni Trade believes that Yemen's energy future relies on strategic partnerships, responsible development, and international collaboration. The company aims to be the bridge between leading global energy players and Yemen's untapped hydrocarbon wealth—creating long-term value for investors, the national economy, and local communities.
